

Innovative Solution Prototyping

DESIGN, MODELING AND EARLY VALIDATION OF SOLUTIONS

KEY WORDS

3D PRINTING,
PHYSICAL
PROTOTYPES,
LABORATORY WORK

DESCRIPTION

The Entrepreneurship and Innovation Laboratory (LEIND) has prototyping capabilities focused on the development and validation of innovative solutions, including conceptual modeling, 3D printing, functional testing and user validation. These activities are provided as support services for academic, innovation and entrepreneurship projects

APPLICATIONS

- Development of physical and functional prototypes;
- Early validation of products and services;
- Support for technological innovation processes;
- Hands-on training in prototyping
