

Technology Transfer and Technical Guidance Unit

SUPPORTING TO TURNING IDEAS INTO A PROTOTYPE AND HELP TO DEVELOP PROOF OF CONCEPT

KEY WORDS

PROTOTYPE,
MANUFACTURING,
DESIGN

DESCRIPTION

UTTOPIA is a state-of-the-art technical platform dedicated to advanced materials and connected objects. Its staff and technical expertise are made available to companies, learners and trainers.

POTENTIAL BENEFITS OR IMPACTS

Scientific and technological:

Cutting-edge technology platform for polymers - Research–industry interface Social and educational benefits:

Training through research and experimentation Environmental impacts:

Development of more sustainable materials

TECHNOLOGY MATURITY LEVEL (TRL)

TRL 4: laboratory validation

RESULTS OBTAINED

Prototype

AREA OF APPLICATION

Plastics
